# WARRANT FOR THE ANNUAL TOWN MEETING

---

## THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the Town of South Hampton in the County of Rockingham in said State, qualified to vote in Town Affairs:*

You are hereby notified to meet at Town Hall in said South Hampton on Tuesday, the 11th day of March, next at two of the clock in the afternoon, to act upon the following subjects:

Closing time 8 p.m.

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To raise and appropriate money for the support of highways and bridges.
4. To see if the Town will vote to raise and appropriate the sum of \$157.69 necessary to secure State Aid for permanent improvement of Class V roads.
5. To see what sum of money the Town will vote to raise and appropriate for winter maintenance of highways.
6. To see what sum of money the Town will vote to raise and appropriate for Interest, Insurance and Town officers bonds.

7. To see what sum of money the Town will vote to raise and appropriate for the Public Library.

8. To see what sum of money the Town will vote to raise and appropriate for Public Welfare.

9. To see what sum of money the Town will vote to raise and appropriate for the care of cemeteries.

10. To see what action the Town and take in regard to real estate deeded to the town for non-payment of taxes.

11. To see if the Town will authorize the selectmen to hire money in anticipation of taxes.

12. To see if the Town will vote to raise and appropriate the sum of \$10.00 for Sibley Relief and \$10.00 for Col. E. W. Bailey Relief Fund.

13. To see if the Town will vote to raise and appropriate the sum of \$50.00 for legal expenses.

14. To see if the Town will vote to raise and appropriate the sum of \$40.00 for care of the Common.

15. To see if the Town will vote to reappropriate the sum of \$25.00 for Civilian Defense.

16. To see if the Town will vote to raise and appropriate the sum of \$60.00 for maintenance of blinker at Towles Hill.

17. To see if the Town will appropriate the sum of \$25.00 to tear down and fix the carriage shed.

18. To see if the Town will vote to raise and appropriate the sum of \$45.00 for new lights in the Library.

19. To transact any other business that may legally come before this meeting.

Given under our hands and seal this 17th day of February, in the year of our Lord nineteen hundred and fifty-eight.

HAROLD F. CURRIER,  
DONALD S. HELLEN,

Selectmen of South Hampton

A true copy of Warrant—Attest:

HAROLD F. CURRIER,  
DONALD S. HELLEN,

Selectmen of South Hampton

## AUDITORS' REPORT

---

South Hampton, N. H.

January 17, 1958

This is to certify that we have examined the books and other records of the Selectmen, Tax Collector, Trustees of the Trust Funds, Town Clerk and Highway Agent; also the bank statements, cash book and other financial records of the Treasurer of the Town of South Hampton for the fiscal year ending December 31, 1957 and that we find them correctly cast with vouchers for all bills paid.

Respectfully submitted,

RAY P. BUXTON,  
DAVID H. TRUE,  
Auditors

## SCHOOL WARRANT

---

### STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of South Hampton qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in district on the 15th day of March 1958, at 3:00 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or officers chosen and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to

authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.

10. To see if the school district will vote to hereafter use a check-list for the election of its officers, beginning with the 1959 annual district meeting, and will adopt as its school check-list the Town check-list, as provided in RSA 197:12a, as inserted by Laws of 1957, Chapter 57.

11. To transact any other business which may legally come before said meeting.

Given under our hands at said South Hampton this 14th day of February 1958.

ARTHUR M. MOORE  
WALTER A. ROSS, Jr.  
HELEN V. COORSSEN

	<hr/>	<hr/>
	\$8,000.00	\$4,855.68

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Committee and Citizens of the South Hampton School District.

It is a pleasure to submit my second annual report as Superintendent of Schools. The past year has been an active one; the rapid growth of this Seacoast region has compelled us all to extraordinary efforts to meet the needs of our growing school population. Furthermore, we have tried not only to provide for the minimum necessities, but also to make improvements in the quality of our staff and in our educational programs.

The Seacoast area presently exhibits one predominant characteristic — growth. It has grown in population and in wealth. Present indications are that this trend will continue. Concomitant with growth in communities one expects to find increased needs for public services and, inevitably, increasing costs for such services.

The School Districts of this Supervisory Union have, in the main, been forced to construct new schools to house their growing enrollments. For the moment, we are over the hump as regards this problem. We can be proud of our excellent new buildings which represent distinct improvements in community investment. Unless present trends towards growth are reversed, however, we shall have only a brief breathing space. Within two to three years additional facilities will again be needed in many of the districts.

Federal Aid for school construction under Public Law 815 has been of material assistance to most of our districts. Federal Aid for the operation of schools under

Public Law 874 is also a major factor in defraying costs and in holding down the amounts of money to be raised by local taxation. In the Union as a whole our estimated income from Public Law 874 amounts approximately to \$100,000.00 for the coming school year.

There was a serious effort made in the last session of Congress to eliminate both of these Bills. Should a similar effort succeed during the present session, we would suffer a major blow in nearly every school district. We have estimated full receipts under the existing statute but this expires June 30, 1958. If by March we know that this legislation has been extended it will be necessary to ask for an appropriation larger than that now presented in our budget. It behooves every citizen to make known to our representatives in the Congress that we need to have maintained the system of payment by the Federal Government for pupils coming into our community as a direct result of Federal activities.

The New Hampshire Legislature in the last session enacted legislation which helps in meeting the cost of debt service. Single school districts formerly received state funds to the amount of 20% of the principal of debt incurred for capital investments. The state's share has now been increased to 30% for such districts and to 50% for those districts which join to form twelve-year cooperative school districts. State Aid for the operation of schools was also increased but only two of the Districts in this Union have valuations low enough to qualify for this form of assistance.

To staff our schools for the year beginning in September 1957 it was necessary to engage 52 new teachers, a larger number than any Supervisory Union in the state, including the cities, had to hire. To start with, we needed 20 additional teachers; next, we found it

necessary to discontinue the services of 10 faculty members, the balance represented turnover because of personal circumstances. 10 of these teachers were lost because we could not offer adequate salaries; they accepted other positions at an average increase of approximately \$600.00.

We began the school year in September 1956 with an instructional staff of 101 full-time persons. In September 1957 this had risen to 119. In September 1958 we will need at least 139 faculty members. Except for a few of our New Hampshire cities this will make our Union the largest educational organization in the state.

The following tabulation shows some interesting relationship:

	No. of Towns	Full-time Teach. Staff	Fall Enrol.	No. of Schools
1954 — 55				
Union No. 21	7	78	1,860	11
Hanover	4	75	1,617	11
Hudson	5	82	2,194	15

Hudson	5	104	2,547	16
Lebanon	3	87	2,137	10
Peterborough	6	81	1,648	6
Salem	5	91	2,486	15

#### ANTICIPATED FOR 1958 — 1959

Union No. 21	8	139	3,000	11
--------------	---	-----	-------	----

The growth of our Union has created a growing problem in handling the administrative and supervisory duties of the Superintendency. Despite our overall growth in school personnel the Superintendent's staff has been increased only by the addition of a half-time clerk. The following tabulation shows the staff that has been provided:

Year	Supt.	Help Teach.	Exec. Asst.	Sec.
1954 — 1955	1	1	1	1
1955 — 1956	1	1	1	1½
1956 — 1957	1	1	1	1½
1957 — 1958	1	1	1	2

The provision of three full-time persons on the secretarial and clerical staff has solved our problems at that level. The Helping Teacher and the Superintendent, however, cannot reasonably meet the needs in supervision and in administration under the present load. With the addition of the Cooperative secondary

School District to the Union there are now eight school committees with twenty-six members.

The Supervisory Union School Committee is cognizant of the problem and is studying ways of alleviating it. Either the provision of an assistant superintendent or reorganization of the Union administrative structure is needed. No solution has been found at this time which will permit any change in conditions for the coming year beginning July 1, 1958.

We shall again need to hire a large number of teachers. There will be at least 18 additional teachers needed. Some turnover is inevitable. Conservatively estimated, our minimum needs will fall between 30 and 40 new teachers. In order to attract suitable teachers we must offer salaries as good or better than those which will be offered in northern New England.

Last year our minimum salaries of \$3000.00 in all of our districts but Seabrook and Rye made it nearly impossible to hire beginning teachers. We could hire none from Plymouth Teacher's College because the students flatly refused to consider any salary below \$3200.00. In some of our districts we had an advantage in hiring experienced teachers because our salary schedules offered a greater range than that found in some other New Hampshire communities.

This year is a critical one with regard to salaries. The School Committees have recognized this by raising minimum salaries. The new minimums range from \$3,200.00 to \$3,400.00 in the elementary districts. In raising a minimum it is only equitable to increase the salaries of older teachers by the amount of increase. This is not only equitable but is a matter of necessity this year because other communities in New Hampshire are doing so. We would lose our advantage in hiring

experienced teachers if we did not give our teachers now on the staff the benefit of the increase in the minimum.

It must be recognized that a \$3400.00 minimum will, at best, put us on a basis equal to, but not ahead of many New Hampshire communities and those in bordering states with which we have to compete for teachers. Minimums of \$3400.00 will be common, some are already set at \$3500.00 and \$3600.00. An explanation of this problem should help you as voters of the District to realize the reasons which compelled your School Committee to ask for larger budgets in order to raise salaries.

The situation with regard to teacher's salaries will not change in succeeding years. The problem is one of simple economics. Teaching, which has always been an under paid profession, does not look attractive to young men and women when they know of earnings in other occupations. No adequate plans for forestalling the obvious shortage of teachers were undertaken at state and national levels following World War II. As our school populations have grown teachers have remained in short supply. Salaries, therefore, have risen and will continue to rise until the supply of teachers is markedly increased.

Many statistics are published to prove the relatively low earning power of teachers. One statistic is enough to cite, as far as I am concerned. The state wage rate for building laborers, who need no education or experience, is \$2.50 per hour at present, or \$100.00 per week without overtime. Much is often made of the fact that the teacher's work year is only 10 months. This is not a significant argument; those teachers who are able and willing to work in the summer can earn, on the average, only \$500.00 to \$600.00 for the season.

To do so, in many instances, they must work at jobs which contribute nothing to their improvements as teachers.

I have devoted space to the foregoing considerations because of their critical importance at the present time. These matters are of common interest to the citizens of all of the School Districts of the Union. They apply with equal force in every District. The efficient functioning of our schools and the effective conduct of education in our classrooms is the matter at issue.

Before turning to matters concerning individual districts there is one educational program which again concerns all. This is the class for intellectually retarded pupils established last fall at the North Hampton Elementary School. We were fortunate in securing the services of an experienced teacher. The class has proved to be successful not only in our opinion, but in that of many impartial observers who have visited the class. We are indebted to the State Committee on Social Education and to the Trustees of the Spaulding Fund for technical advice and financial assistance in the preliminary work done during the past year which enabled us to make a sound selection of pupils.

As was indicated in my report last year there is a clear need for two such classes in our Union. With a second class in operation, it seems probable that we can provide for pupils who have special instruction without adding a third class for some time. North Hampton can furnish a classroom for another year; Hampton can provide the second classroom in what was its High School building. At the annual budget meeting in December 1957 the Union School Committee voted to recommend to all Districts that sufficient funds be included in their budgets to provide for two classes.

During the past year several improvements have been made at the Barnard School. The second floor classroom has been completely equipped with modern school furniture. The equipment lends itself better to instruction and student health than did the old fixed furniture. The chalk boards in the primary room which were quite unsatisfactory have been repainted by the Chairman of the School Committee. The teacher can now use chalk on these boards so that children can see what is written although the material used for the boards was not intended for such a purpose.

The entry and stairways need repainting as well as other areas in the building. It is to be hoped that the Barnard Trustees may be able to do this work during the coming year.

At the beginning of the school year it was apparent that difficulties had arisen with regard to transportation. It was impossible for Mrs. Buxton to cover her routes with a station wagon. She overcame the problem by the purchase of a larger vehicle which enabled her to carry a larger number of pupils on each route.

A marked improvement has been made in health services. The availability of the new School Nurse, Mrs. Chase, for a greater period of time each week has made it possible to watch pupil health more closely and to advise parents more fully than in the past. The School Committee has made arrangements to have medical examinations for pupils and it is hoped that provisions can be made for a dental clinic next year. With the assistance of the District Public Health Nurse, polio clinics have been conducted during the year.

We have had a very difficult year in terms of holding teachers. Mrs. Kathryn Currier, who for several years rendered superior service as the teacher of the upper grades, accepted a teaching position in Amesbury at a large advance in salary. Her resignation effective in November, came at the time of year when it is most dif-

difficult to find teachers. Mrs. Josephine Clifford filled the position ably until the Christmas vacation. Mrs. Marjorie Walton then accepted a contract for the remainder of the year. Instruction has been maintained at an adequate level, and we feel that Mrs. Walton can continue to provide very satisfactory service.

During February Mrs. Joanne Katz, who has done exceptional work with the first two grades, had to resign for reasons of health. She was replaced by Mrs. Sarah Silvernail who promises to be an excellent teacher.

Mrs. Amy Kimball, who alone remains of the teachers on the staff in September, was made principal upon the resignation of Mrs. Currier. Mrs. Kimball has undertaken her responsibilities efficiently and conscientiously. We feel confident of her ability to handle the administrative duties of the school.

Maintaining an adequate teaching staff is the primary responsibility of the School District. South Hampton must meet the competition offered by other school districts in securing the services of teachers from a field which is in short supply. Salaries in South Hampton have not risen in proportion to the increases offered elsewhere. The recent increase in the minimum salary in Amesbury to \$3800.00 is the most extreme example of competition in the area. The School Committee has included in its budget sufficient money to offer salaries that will enable us to secure replacements if needed and to hold the teachers we have.

South Hampton and other small towns like it, today face the need of offering salaries as good, or better, than those paid in larger towns and cities. Teachers, particularly new graduates, are unwilling to teach more than one grade. They also hesitate when offered a choice between working in new modern school buildings or in older wooden structures without the same facilities. Everything possible must be done in the smaller towns to make teaching positions attractive.

The Legislature and the State Department of Education have recognized this problem for the smaller towns by increasing the amount of State Aid during the last legislative session. The formula for distribution is designed to equalize educational opportunities for children in New Hampshire. This is illustrated in our Union. Of the eight school districts, the six wealthier ones receive no State Aid; Hampton Falls receives a limited amount; South Hampton receives a large share.

The amount of State Aid for South Hampton this year is estimated to be \$4,467.90. The amount last year was \$915.10 so that there has been an increase of \$3,552.80. This additional amount is intended primarily for use in the improvement of education in South Hampton.

It is very fortunate for the School District that this increase in State Aid comes this year. I have been able to prepare a budget which includes sufficient money for a major improvement in teachers' salaries, purchase of new furniture for Mrs. Kimball's room, and other improvements and which will still permit a reduction in the tax rate unless other expenses of the Town are higher. I know of no other community where this will happen next year.

I have been fortunate during the year to have intelligent assistance and loyal support from many of my colleagues and fellow-workers. My obligations to teachers and other staff members are too numerous to list them here. For their help I am deeply appreciative.

May I also express my appreciation to the members of the School Committee and to other citizens of the District for their understanding of school problems and their readiness to work on behalf of our school children.

Respectfully submitted,

EDWARD CHANDLER MANNING

January 30, 1958

Superintendent of Schools

## REPORT OF SCHOOL NURSE

---

To Dr. Edward C. Manning,  
Superintendent of Schools:

It gives me great pleasure to write my first report on the school health program in South Hampton.

The success of any school health program is dependent upon many people: the parents, the school board, the superintendent, the principal, the teachers, the janitor, and the school nurse-teacher. They are all working together so that the children will be happy and healthy. The various aspects of the program are: health education, health appraisal, dental health, vision and hearing tests, nutrition, communicable disease control, accident prevention, and sanitation in the schools.

Contact and understanding with the parents is essential if the aims of the school health program are to be realized. Thanks to the cooperation of all concerned, the program has been able to progress as planned, with the exception of the flu epidemic which forced school to close November 13-15. By December 20, all the school children had had a health conference with the school nurse-teacher. They all have been weighed, measured, and had their eyes and ears tested. A polio clinic was held December 12th, and the majority of the pupils now have had their third polio immunization. On November 21st I spoke at the PTA meeting to clarify the aims of the program. The school board voted to have doctor's physical examinations done in the school this year, and the possibility of a school dental clinic is now being investigated. The children will all be weighed and meas-

ured again in the spring, and there will be continued follow-up on those children who have poor vision, poor hearing, cavities, and other defects which hinder growth and development.

Since the community is so receptive to the aims of a comprehensive school health program, there is every indication that we will continue to have happy and healthy children at school.

Respectfully submitted,

NANCY CHASE, R.N.  
School Nurse-Teacher
